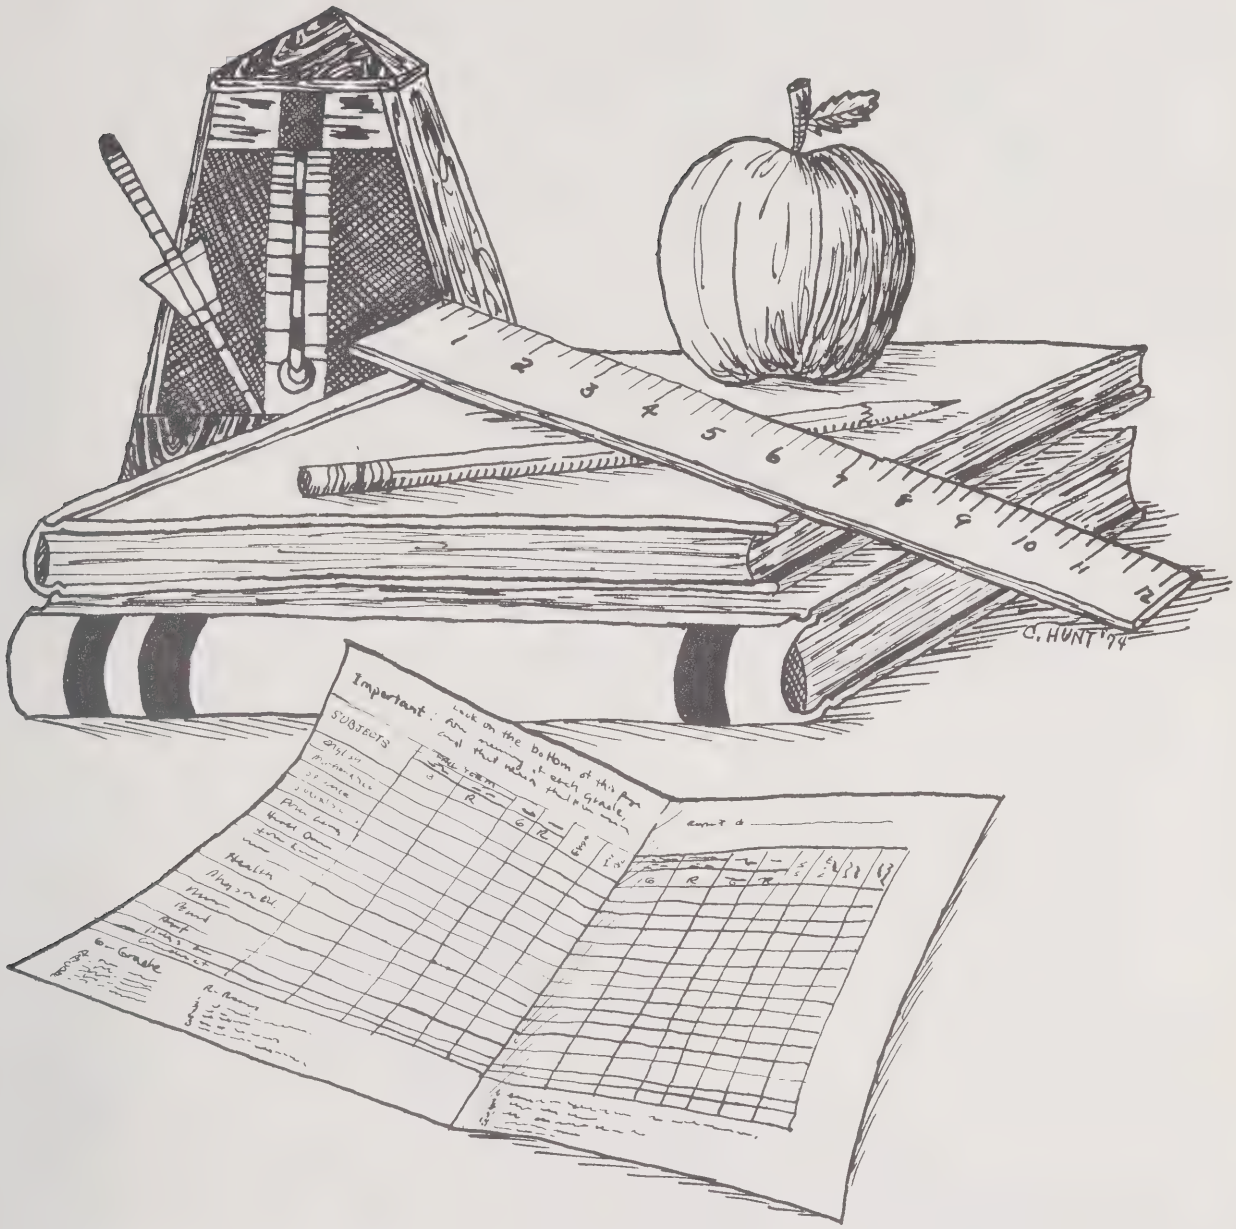
MOHISCO XV DEDICATION
Mr. William R. Underwood

This year's annual is dedicated to someone whom we see almost every day, although he is not a teacher. He works hard at his job and gives willingly of his time, whether it be in helping with school problems, coaching football, or keeping a watchful eye on other school activities.

Despite his busy life, he takes time out for fun, too. He is a friend to the students at MHS and respects their opinions.

We are proud to dedicate Mohisco XV to Mr. William R. Underwood.

Time is a great teacher.



FACULTY AND ADMINISTRATION

Board of Education

The Board of Education determines the policies for our school system. Members are elected to four-year terms by the people of Monroe. We appreciate the fine work the school board has done. SEATED, left to right: Mr. Fred Parker, Chairman of the Board and President of People's Savings and Loan; Dr. Thomas H. Batchelor, Superintendent of Monroe City Schools; Mrs. Lane Drew, a former French teacher. STANDING: Mr. G. Dick Pierce, Manager of Sally Mac Greenhouses; Mr. Duke Parker, owner of Duke's Grill and Duke's Enterprises; Mr. Robert Huffman, an attorney; Mr. Bill McInnis, Manager at M & J Finance Company; Mr. Al Orr, Jr., President of Bearskin Textiles; and Mr. Craig Horsman, assistant superintendent of Monroe City Schools.

East Carolina University, M.A.
Duke University, Ed. D.

It is with a great deal of excitement and pleasure that I congratulate the Seniors of 1975. Individually and collectively, you may take pride in your many accomplishments thus far.

A well ordered life is somewhat like climbing a tower; the view halfway up is better than the view from the base, and it steadily becomes finer as the horizon expands.

As you continue your climb and seek to expand your horizons, it is my sincere hope that an aim in life is the only fortune worth finding. If you aim at nothing, you will hit nothing.

Best wishes for the future.

Thomas H. Batchelor

As superintendent of Monroe City Schools, Dr. Batchelor has a tremendous responsibility. He is always hard at work to make our school system one of the best. Our school could not function as well as it does without his effort and guidance.

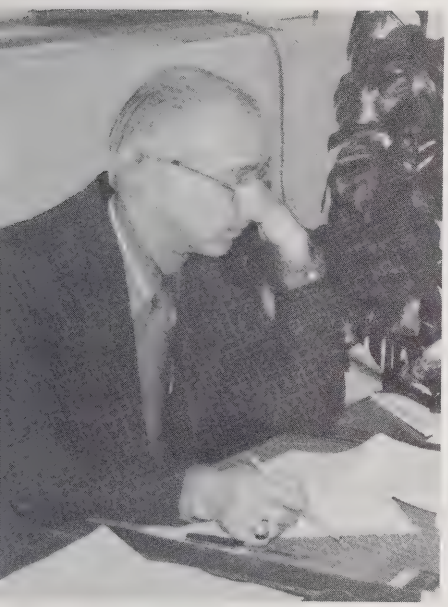
Mr. I. B. Shive

Wake Forest, B.A.
U.N.C., M. Ed.

To the senior class of 1975:

I am pleased to extend congratulations to the members of the 1975 senior class upon your impending graduation. Your accomplishments as a class and also individually have been exceptional. Your contributions to Monroe High School have been notable. I wish for each of you continuing success as you assume greater responsibilities in the future.



MRS. WILLIAM EDWARDS
Bookkeeper

Mr. Shive undoubtedly has one of the most difficult jobs in the school. He must put in long and hard hours to carry out the duties of a principal. Thank you, Mr. Shive, for all the fine work you do for MHS.

MRS. FRED McCALLUM
Secretary

Assistant Principal

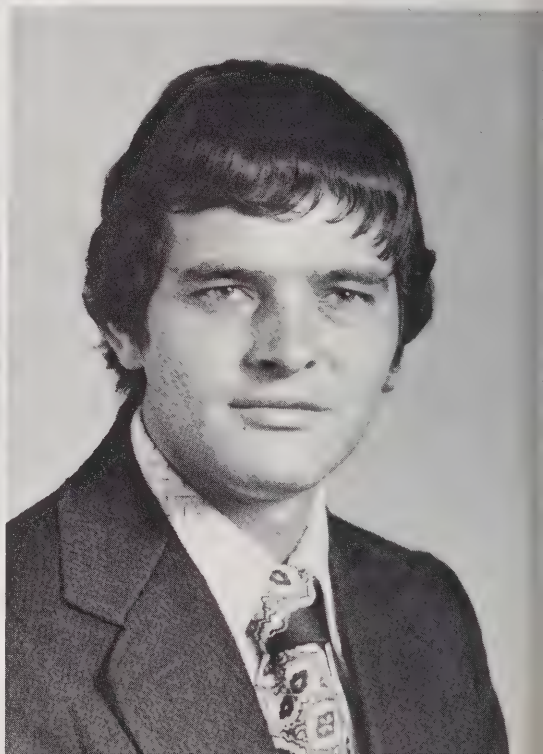
MR. WILLIAM R. UNDERWOOD
A.S.U., B.S., M.A.

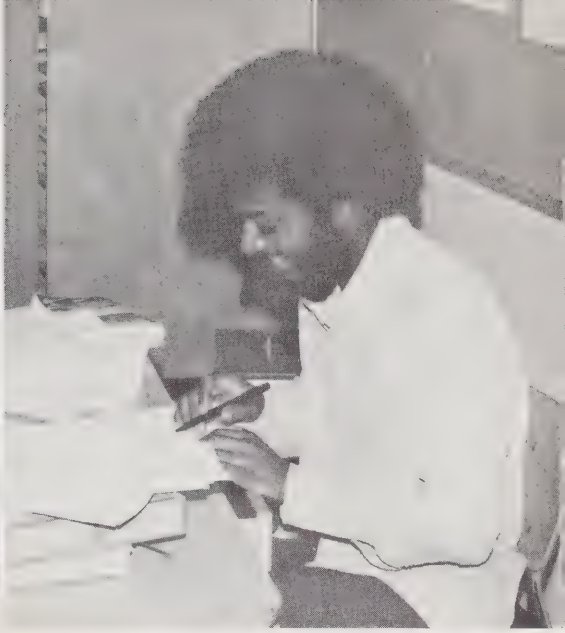
Mr. Underwood is our assistant principal. He has become a familiar figure at MHS, working behind the scenes to keep the school running smoothly. He is mainly concerned with discipline and attendance, but in Mr. Shive's absence, he takes over all the duties of the principal. We appreciate the work he does for us.

Guidance Counselor

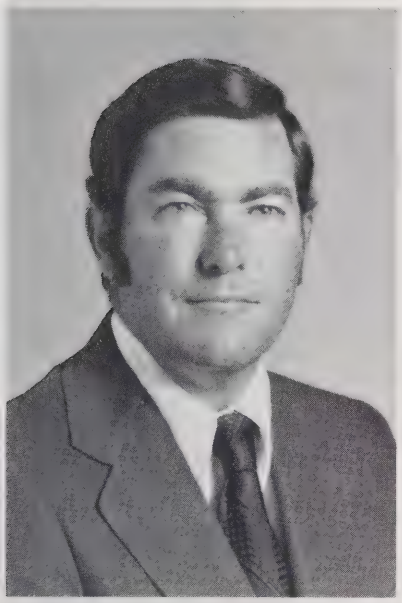
MR. RAYMOND MUZIKA
Chowan College, A.A.
A.S.U., B.S., M.A.

We have a new guidance counselor at MHS this year, Mr. Raymond Muzika. His duties include helping students choose their curriculum and make their plans for the future. He really has his hands full because he works with students from all four grades. We'd like to thank him for all his help.





MR. ROGER LANE



"History is the witness that testifies to the passing of time; it illumines reality, vitalizes memory, provides guidance in daily life and brings us tidings of antiquity.

In U.S. History, studying the Constitution and the founders of our country, students learn about the foundations that make our country great. Civics provides us with guidance in our daily lives and keeps us informed of current events. Students travel into the past and study ancient mysteries in World History. In Geography, the physical factors which make up our world and influence the fate of nations are studied. "The overall subject of history is the life of peoples and of humanity."

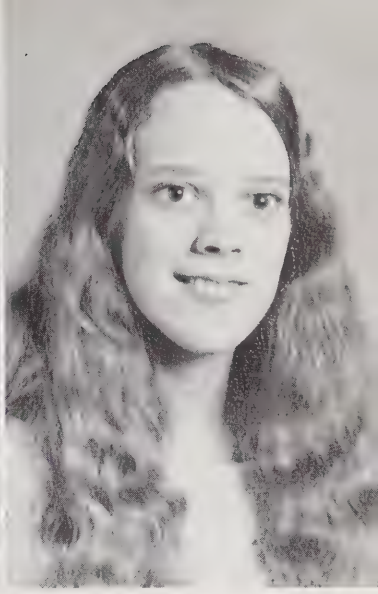
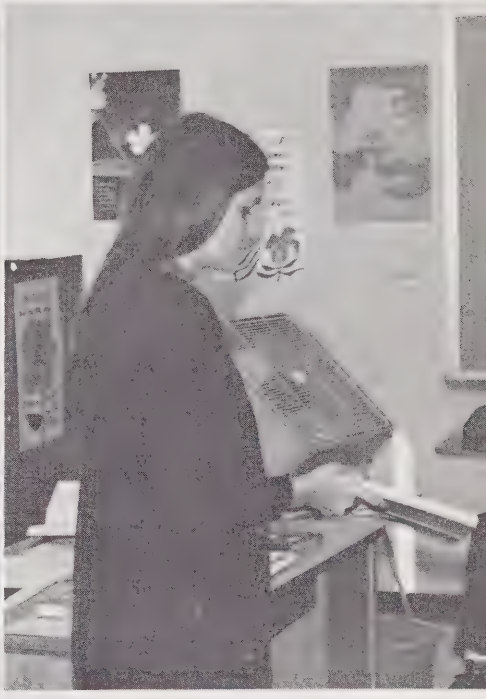
DEPARTMENT



Ms. Dianne Harton



Miss Antoinette Dawson

Mrs. Martha Young

"Every vital development in language is a development in feeling as well." The language department teaches the receiving of ideas through listening and reading and the sending of ideas through talking and writing.

During four years of English, teachers help students develop feeling and awareness of our world through literature. Through grammar, a student learns basic rules which help him communicate with other people. Courses in French offer an opportunity for students to broaden their interests in language. A student soon discovers that "the liveliest effusions of wit and humor are conveyed to the world in the best chosen language." Language can inspire both intellectual and emotional growth; language is a challenge.

MATH DEPARTMENT

Mrs. Shirley Nash

Mr. Jerry Honeycutt

Mrs. Virginia Kendrick

Monroe High School requires two units of math for graduation. Students find that the various courses of math offered more than satisfy their needs. The five math teachers aid students in math courses that will be useful in business or college. Commercial students are offered Business and Consumer Math. Students preparing for college may take Algebra I, II, or III, Geometry, or Trigonometry.

PHYSICAL EDUCATION

Building of body as well as mind is important at Monroe High. Every student must participate in health and physical education to graduate. Students learn sportsmanship through team sports such as volleyball and basketball. Individual sports such as gymnastics and weightlifting help in body co-ordination and flexibility. In the classroom one learns about diseases and anatomy of the body.

"The building of a perfect body crowned by a perfect brain is the greatest earthly problem and grandest hope of the human race."

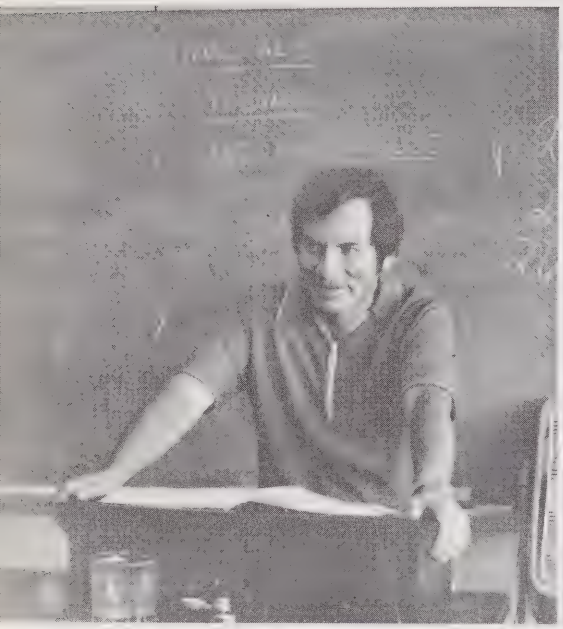
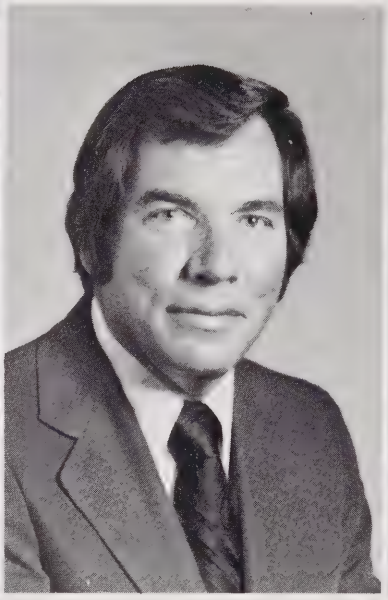
SCIENCE DEPARTMENT

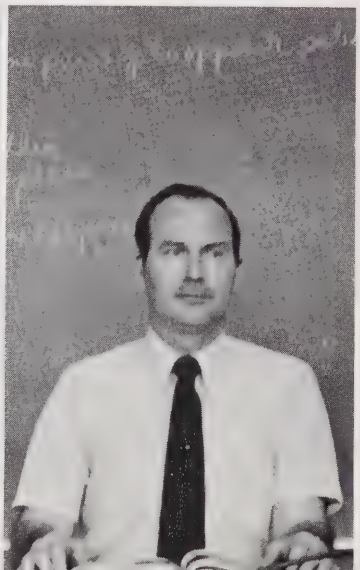


MR. ROBERT P. GULLEDGE



MR. CHARLES FORTENBERRY

MRS. MYRTLE CHANEY



"Learn, compare, collect the facts"— these are the bywords of science. Every student at MHS learns the fundamentals of man's scientific knowledge. Biology, the study of life in plants and animals, fascinates students. Research problems and lab in chemistry stretch our ability to think more clearly for ourselves. The world of science is a world for the curious, imaginative and persistent.

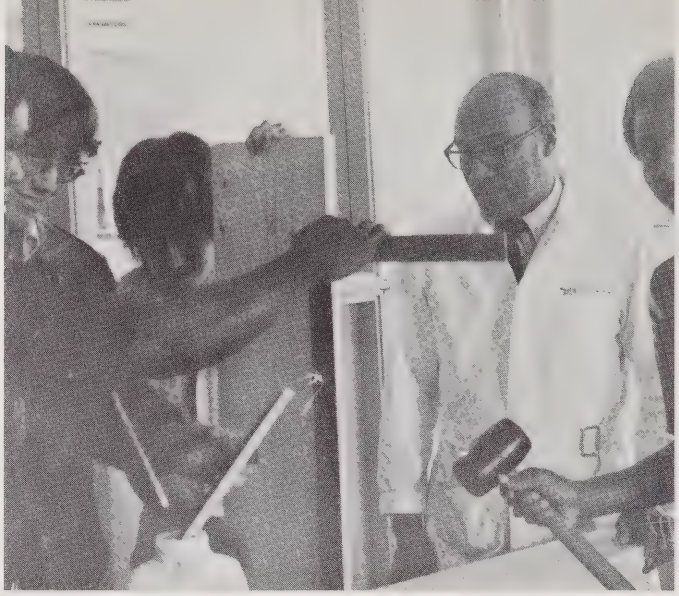
COMMERCIAL—DRIVER ED—APPLIED EDUCATION

The Commercial Department enables a student to view the field of secretarial and economic jobs. Shorthand and typing require skills and are designed to save time and unnecessary work. Accuracy and neatness are key words in these courses.

In Driver Education, students learn driving techniques in the classroom and practice these skills on the road.

Applied Education is one of the new courses at MHS. In Applied Education students are taught things that will be useful in a job after high school.

MR. ROSCOE HOOD



MR. JOHN M. FULGHAM

VOCATIONAL

Students taking a vocational course learn to match their potentials to qualifications needed for a job. Students involved in the D.E.C.A. or I.C.T. program attend classes in the morning and experience on-the-job training in the afternoon. Health Occupations I students learn basic medical skills to help take care of patients. In Health Occupations II students practice their skills at Union Memorial Hospital. This year a new course, Bachelor Living, is offered along with the Home Economics courses. Drafting, Shop, and Masonry help to develop practical skills that will help students in a career.

FINE ARTS

MRS. LYNNE WALTERS

In each of the fine arts courses, students acquire the ability to communicate. Emphasis is placed on developing talent and skills necessary for self expression. "Every genuine work of art has as much reason for being as the earth and the sun."

Monroe High students find pleasure in expressing themselves in band, chorus, and art. Monroe High's library is well-equipped for students to use for research or pleasure.

Is this how you make a capital Q?

I hate dirty books.

You expect me to believe your HAMSTER ate your homework?

You did WHAT with that frog?

I wish he'd hurry up and take the picture.

Is this an apple which I see before me?

A penny for his thoughts!

Without the help of the service department, Monroe High School could not function properly. Our new custodian Eugene Anderson is doing a fine job seeing that the school grounds and building are well kept. The maids keep our classrooms clean. Members of the cafeteria staff prepare nutritional meals daily. This year the cafeteria staff has added a new service, the a la carte line, which offers students a variety of foods.

We would like to thank the service department for making our school life more enjoyable.

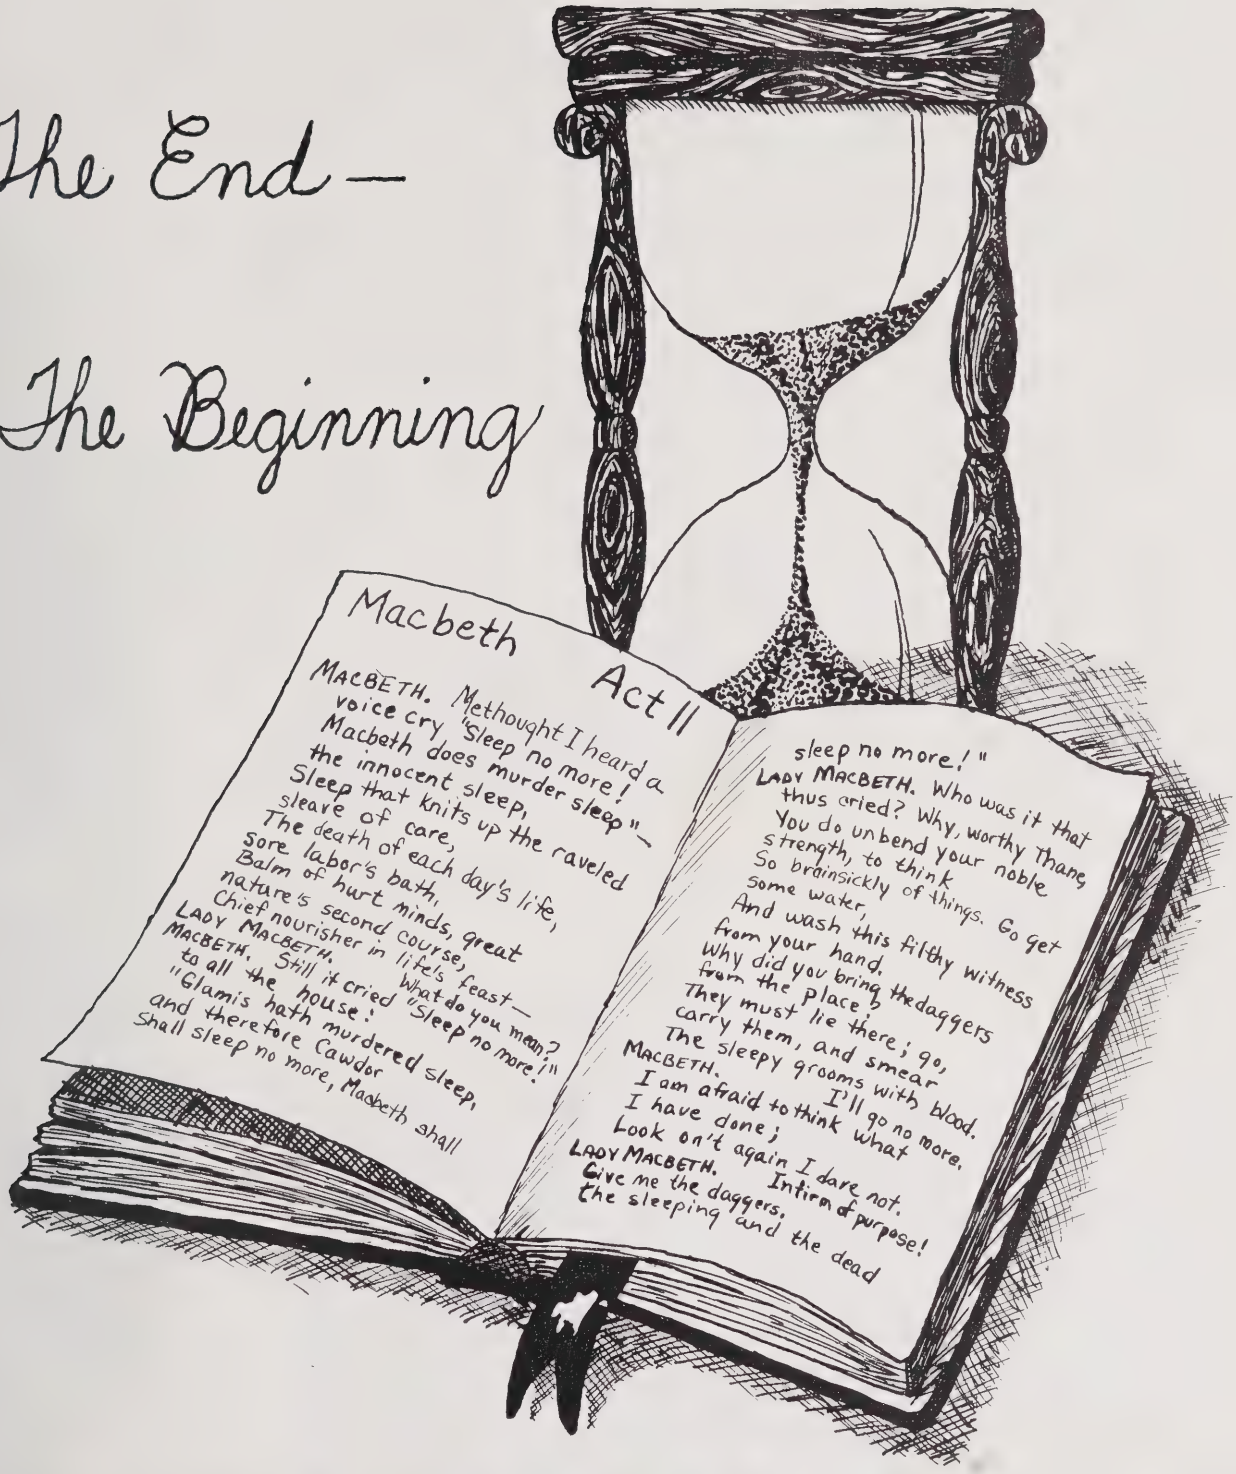
The End—

The Beginning



Macbeth
Act II
MACBETH. Methought I heard a voice cry, "Sleep no more! Macbeth does murder sleep"— the innocent sleep, Sleep that knits up the raveled sleave of care, The death of each day's life, sore labor's bath, Balm of hurt minds, great nature's second course, Chief nourisher in life's feast—
LADY MACBETH. What do you mean?
MACBETH. Still it cried "Sleep no more!" to all the house: "Glamis hath murdered sleep, and therefore Cawdor shall sleep no more, Macbeth shall
sleep no more!"
LADY MACBETH. Who was it that thus cried? Why, worthy Thane, You do unbend your noble strength, to think So brainsickly of things. Go get some water, And wash this filthy witness from your hand. Why did you bring the daggers from the place? They must lie there; go, carry them, and smear The sleepy grooms with blood.
MACBETH. I'll go no more. I am afraid to think what I have done; Look on't again I dare not.
LADY MACBETH. Infirm of purpose! Give me the daggers. The sleeping and the dead

Just like Mama said!

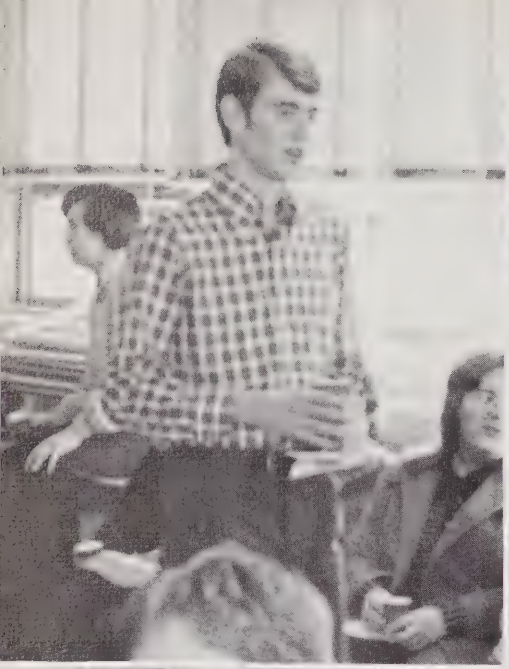
1 & 2 & 3 . . . .

Did you hear the one about the traveling salesman who . . . .

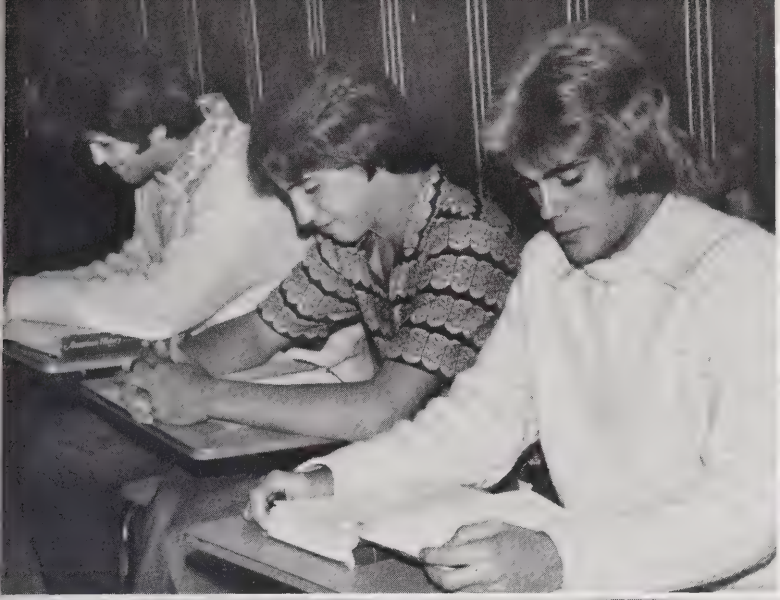
Four years ago, we, the senior class of 1975 peered through the doors of Monroe High School for the very first time. The clock was wound; our time had finally come.

We struggled through freshman P.E. classes, felt a new twinge of excitement as the BIG RED MACHINE scored another touchdown, stumbled through our first dance, roared out our spirit at the pep rallies, and tried to endure the nickname "punky freshmen." All the while the clock was slowly ticking and soon we found that we were no longer "punky freshmen" but . . .

. . . sophomores. That year brought our friendship with the frogs and the fishes, our devotion to Julius Caesar, our love of Silas Marner, and our introduction to "Francais." We discovered N.E.D.T. and I.Q. are more than just letters, cheered on our junior varsity teams, and learned that graduation often means losing that "special friend." The sand had slipped away; the hour was half through. We were . . .



. . . juniors. Our brains are still confused from that thing they called College Board. Our hearts still swell with pride when someone mentions class rings. Our minds often wander back to that first Junior-Senior. We truly were "upperclassmen!" But alas, the days would not stand still and we found that we were no long freshmen, sophomores, or even "upperclassmen," but . . .



. . . seniors. We parked on senior row, left school for lunch during exams, whimpered through our last homecoming, strutted down the aisles at assemblies, and tried to comprehend that at last we were the seniors. Then we created theme after theme after theme, elected superlatives, chose announcements, and began to anticipate Awards Day, the Baccalaureate Sermon, and our own graduation.

But you see, it really doesn't matter if you are a freshman, sophomore, junior, or senior. Each year, as each tick of nature's great clock, is important. Each year has its own special moments, and as the sand cannot be returned to the hourglass, no year can be relived. Cherish these days; don't wish them away. For soon enough your hour will be here, soon enough it will be your day, soon enough it will be your time, and then, before you know it, it will be for you, as it is now for us, time to move on!

MARSHALS 1974

In recognition of their academic achievement, the ten juniors with the highest scholastic averages were chosen to represent their class as marshals for 1973-74 commencement exercises. With the help of Mrs. Linda F. Hilton, they were responsible for making sure that Graduation ran smoothly. They handed out programs, and escorted the graduates on Award's Day, Baccalaureate Sermon, and Graduation Night. Some of their other duties included setting up the stage, arranging flowers, packing caps and gowns, and cleaning up after it was all over.

TIME

I have only just a minute,
Just sixty seconds in it;
Forced upon me – can't refuse it,
Didn't seek it, didn't choose it.
I must suffer if I lose it,
Give account if I abuse it,
Just a tiny little minute
But eternity is in it.

So here's to thee, oh, Monroe High, we

Oh, sing her praises loud and strong, let all

Oh, chant her praises from the highest hill.

Oh, Alma Mater we, to thee will ere be true.

A prayer for thee, oh, Monroe High,

May God bless and keep you.

On behalf of the Student Council, I wish to express appreciation to Mr. Shive, Mr. Underwood, and the faculty for their help and support this year. I especially want to thank Mr. Edwards for working with us as our advisor. A Student Council, however, is only as successful as the spirit and enthusiasm of the student body and the quality of the representatives it elects to the council. I believe this year we have been a success. I would personally like to thank the other council officers—Vanessa, Viola, Phil, and Teresa—for their help to the council and to me.

The happy times I've had with all of you will be the seal of my unforgettable AFS year . . . RED AND GRAY WEEK

HOMECOMING

Homecoming week began on Monday, October 21. There were various activities throughout the week sponsored by the varsity cheerleaders. There was a "Slave Day", snake dance (ending with a mock funeral), "Red and Gray Day," "Mr. Irresistible Day," and a parade that Friday, October 25.

During half time that night the queen and her attendants were announced. MAMIE JONES was chosen Queen, LORETTA LOCKHART was chosen Maid of Honor, and LANITA JOHNSON was chosen as Attendant.

After the Rebs tamed the Tigers that night there was a dance held at the Monroe Country Club. The Ninth Row provided the music.

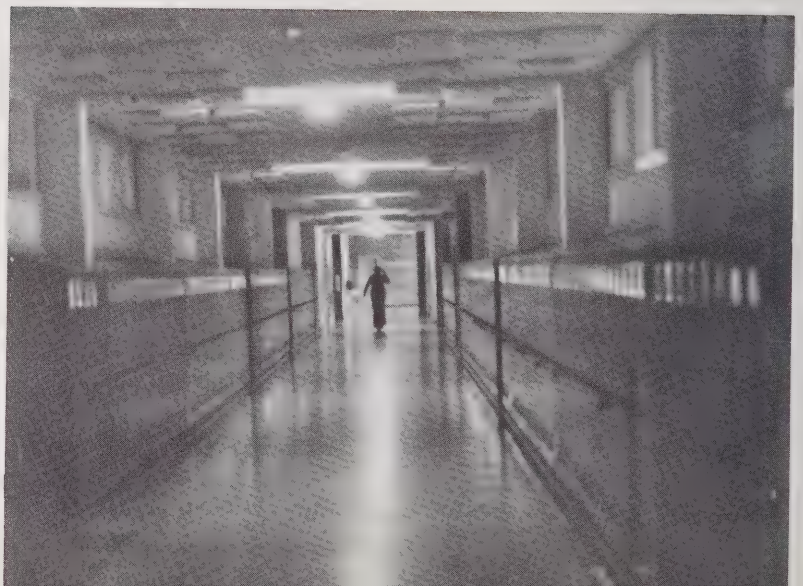
And Tea—MHS Marching Band

As time goes on
I realize just what
you mean to me.
And now, now that
your near, promise
your love that I've
waited to share,
and dreams of our
moments together.
Colour my world with
hopes of loving you.

—Chicago

Do you love life?
Then do not waste
time, for that is
the stuff life is
made of.



. . . a time to remember.
